

Collaborative Contracting and Contracts Best Practices

6 December 2021 | 3.00pm - 5.15pm

In the industry's move towards transformation and a more collaborative built environment sector, upstream collaboration and integrated planning & design are important key drivers. This forum will discuss best practices of collaborative approach towards project delivery with contract administration to augment technical knowledge and skills in transformative practices. Highlights of the forum include discussions on the perspectives of collaborative contracting, their various possibilities, challenges and advantages and showcase of implemented projects or practices through local and international case studies.

This webinar, delivered online, is jointly brought to you by the Building Construction Authority (BCA) and the Singapore Institute of Surveyors and Valuers (SISV).
