CPD/24/A2/281	Singapore Institute of Surveyors and Valuers	Seminar	Dialogue on Mediation in Avoiding Conflicts and Resolving Construction Disputes	Avoiding Construction Conflicts and Settling Construction Disputes through Mediation can be an effective way without the need for lengthy and costly litigation or arbitration, by fostering a collaborative approach and enabling the parties to find practical solutions tailored to their specific needs. The Singapore Convention on Mediation (especially with regard to enforcement in other jurisdictions) is to international mediated Settlement Agreement, much like what the New York Convention is to international arbitration This afternoon's dialogue with international construction industry legal practitioners from across Asia (Brunei, Pakistan and Singapore) together with Mediation Institutional experts will consider some of Mediation's range of benefits – including what it means in different jurisdictions, how it may be a far better approach to avoiding complex construction conflicts and resolving disputes, cost effective, time-efficient, and confidential, that help preserve professional relationships and allowing for flexible, interest-based solutions, the Institutional approach/support to the process, and the less adversarial nature of the process further enhancing Mediation's appeal with construction disputes.	http://www.sivv.org.sg/event-details.aspx?eventid=3144	Online	40	30-Aug-24	30-Aug-24	2	2	Nellie Liu	87487515	gs_admin@sivv.org.sg	New Run
CPD/24/A2/283	Singapore Green Building Council	Seminar	BRI-SGBC Seminar 2024: Innovations in Sustainable Construction (30 August 2024)	Innovations in the built environment are crucial in transforming the urban landscape towards sustainability. The latest advancements from the construction industry present opportunities to drive national decarbonisation goals through green and innovative construction practices. Join us at the BRI-SGBC Seminar 2024 as we dive into the efforts in sustainable construction and innovative building technologies as well as learn about best practices in the industry.	https://web.sgbc.online/public/event/rsvp/349	HDB Centre of Building Research, Singapore	80	30-Aug-24	30-Aug-24	2	2	Ally Hoon	67970891	events@sgbc.sg	New Run
CPD/24/A2/284	Learners hub pte ltd	Course	Implement Lean Six Sigma	This course teaches participants how to approach, understand and apply the lean transformation process systematically. It is designed to equip participants with the board knowledge and tools to map the transformation for a system wide approach for developing and implementing lean six sigma project plans.	https://learnershub.com/courses/six-sigma-program/lean-sigma	76 Playfair	1000	17-Sep-24	20-Sep-24	32	15	Carlson Lee Chun Kit	91691006	leekit@learnershub.com	New Run
