

## Circular Economy Financing

Can we recycle and reduce plastic waste **affordably**?

We believe in helping our businesses help our environment. When businesses green up value chains or manage waste in a financially sustainable way, we are enabling our businesses to grow while saving our planet for our future generations.

If you are a recycler of plastic or e-waste, if you handle plastic or electronic materials in your value chain, or if you wish to raise cost savings or manage your waste sustainably, look no further. Join us, and in **90 minutes**, be prepared to:

- Learn about Singapore's Zero Waste Masterplan from the National Environment Agency.
- Get tips on better waste management instead of burning them in incinerators.
- Discover regional trends and businesses opportunities in plastic and e-waste recycling, and financing solutions to help you secure them.
- Hear directly from Alba Singapore, one of the world's top specialists, and learn how you can reduce and recycle while enjoying business growth.

Because saving our planet may **cost less** than we think.

## Speakers' Profiles

### **Mr Christopher Tan**

Director of Sustainability Division, National Environment Agency

Christopher Tan is Director of Sustainability Division at the National Environment Agency. In his current role, Christopher is responsible for strategies and programmes in sustainable waste-to-resource management and energy efficiency. His previous roles include public health operations for vector control and public cleanliness, and policy-making for air quality and waste management. He has also headed a research team in the behavioural sciences and environmental & resource economics. These were in the National Environment Agency and the former Ministry of the Environment and Water Resources. Christopher started his career as an Economist at the Ministry of Trade & Industry.

### **Mr Jakob Graf Lambsdorff**

CEO, ALBA Singapore

Jakob Graf Lambsdorff is the CEO of ALBA Singapore. In this role, he is responsible for the two operating ALBA entities in Singapore: ALBA W&H Smart City and ALBA E-Waste Smart Recycling. ALBA W&H is a Public Waste Collector appointed by the National Environment Agency (NEA). ALBA E-Waste is appointed by NEA to operate the first of its kind Producer Responsibility Scheme for electronic waste. He is also responsible for the development of ALBA Smart City projects in Southeast Asia. Jakob is a member of the Advisory Council of the Plastics Recycling Association of Singapore and is the Vice-Chairman of the Sustainability Committee of the Singapore-German Chamber of Commerce.

### **Mr Joseph Poh**

Head of Oil, Gas & Chemicals, Sector Solutions Group, UOB

Joseph is the Head of Oil, Gas & Chemicals within UOB and oversees the business development, new solution rollout and risk management of the sector. Prior to this, he oversaw the relationship management for state-owned enterprises (SOEs), national oil companies (NOCs) and large corporates outside of Singapore. Before joining UOB, Joseph worked in an international oil major in Singapore and Japan across various analytical and operational roles.

### **Mr Terence Koh**

Head of Technology, Media & Telecommunications, Sector Solutions Group, UOB

Terence heads the Technology, Media & Telecommunications (TMT) Centre of Excellence in UOB, where he is responsible for the strategic business development activities of the sector in Asia. His experience in wholesale banking experience spans across reputable multinational and regional financial institutions, and he has also led project teams in the evaluation and negotiation of strategic mergers and acquisitions for Singapore corporates in the Telecommunications, Media and Power sectors.
