

## ARCHITECTURAL FINISHING (A&F)

AF01	Partition	Drywall installation.
AF02	Ceiling	Ceiling works including plasterboard, metal ceiling and other ceiling system suspended or non- suspended.
AF03	Curtain Wall/Cladding	Curtain wall/cladding works including support structure and related component construction.
AF04	Drain Laying/Pavement and Kerb Construction	Drain laying, pavement and kerb construction works.
AF05	Window	Windows installation including glazing works, solar control and security protection lamination film and support structure. <b>*For window installation will requires RW1 (Window Contractors) Registration</b>
AF06	Joinery	Joinery works including timber structure, partition, lightweight structure and doors.
AF07	Metal Work	Metal works, ironmongery, ornamental works, grating, grills and other metal architectural works including fencing, railing installation and ironworks.
AF08	Painting and Road Marking	Painting and road marking works including signages and display fittings/fixtures.
AF09	Plastering	Plastering works and textured finishes including related coatings.
AF10	Roofing	Roofing works including support structure and related component construction.
AF11	Flooring	Wood flooring, tiling works, marble-laying works, raised floor installation and artificial, composite and natural stone finishing works.
AF12	Waterproofing	Waterproofing of basement, foundation roofs and walls.
AF13	Horticulture and Landscaping	Horticulture works indoor and outdoor including general turfing and landscaping works.
AF14	Additions, Alterations Repair and Interior Decoration	Addition alteration and repair work including works forming part of an interior decoration service contract.
AF15	Wall	External and internal bricklaying works including block works, precast panel construction.
AF16	Doors	Door installation & support structure.

## CIVIL & STRUCTURAL WORKS (C&S)

CS01	Road Works, Pipe and Cable Installation, Road Reinstatement and Maintenance.	Road works, installation of underground pipe and cables and subsequent reinstatement of road and other surfaces and maintenance thereof include asphalt works.
CS02	Concrete Repair and Surface Works	Reinforcement of structures and joints through the use of cement-sand-mortar mix or the injection of slurry into joints and cracks in concrete structures and the application of spraying of cement-sand mortar onto surfaces of reinforced concrete works including grouting & repair works and gridblasting work.
CS03	Concreting	Concreting works to all structure, including foundation, pre-cast, slab blocks, paving concrete works, pavement slab and kerb construction.
CS04	Metal Scaffolding	Metal scaffolding works including erection, maintenance, removal and disposal.
CS05	Metal Formwork and Support System	Metal formworks, strutting and support systems including system formwork, tableform, slipform and the like.
CS06	Piling	Installation of all heavy sheet piles, driven precast reinforced and prestressed concrete piles, bored cast-in-situ piles and timber piles. <b>*Requires Specialist Builder Piling Works License SB(PW).</b>
CS07	Steel Reinforcement	Reinforcement works includes, barbending, tie wire, post-tension and pre-tension of cables and steel fabrication on an off site.
CS08	Structural Steel Work	Structural Steelwork including metal frame, space frame, support structure and the like.
CS09	Timber Formwork and Support Systems	Timber formwork, strutting and support systems for structural works and architectural finishes.
CS10	Demolition	Demolition works include removal and disposal.
CS11	Soil Investigation	Site investigation works. <b>*Requires Specialist Builder Site Investigation Work SB(SI) license.</b>
CS12	Precast Erectors	Installation of precast elements
CS13	Stabilisation & Earthwork Services	Stabilisation services include excavation and backfill services. <b>*Specialist Builder Ground Support Works and Stabilization Works SB(GS) licens</b>

## **MECHANICAL & ELECTRICAL WORKS (M&E)**

ME01	Air-Conditioning, Refrigeration & Ventilation Works.	<p>Installation, testing, commissioning, maintenance and repairs of air-conditioning, refrigeration and ventilation systems.</p> <p>The detail trade can be indicated as follows:</p> <ul style="list-style-type: none"><li>A. General ACMV Installation</li><li>B. General Coldroom Installation</li><li>C. Ductwork</li><li>D. Pipe Work</li><li>E. Duct Insulation</li><li>F. Pipe Insulation</li><li>G. Equipment Installation</li><li>H. Electrical Control Wiring</li><li>I. Air Grilles</li><li>J. Maintenance Service</li><li>K. Coldroom Panel Construction</li></ul>
ME02	Electrical Engineering Works.	<p>Installation, testing, commissioning, maintenance and repair of electrical based systems such as switchgears, transformers and large generators. It also includes high and low tension overhead line installation, the electrical installations in building and marine vessels.</p> <p>The detail trade can be indicated as follows:</p> <ul style="list-style-type: none"><li>A. General Electrical Engineering Installation</li><li>B. Underground Cabling</li><li>C. Cable Jointing</li><li>D. Switchboard</li><li>E. Control Board</li><li>F. Maintenance Service</li></ul>
ME03	Fire Protection Works.	<p>Installation, testing, commissioning, maintenance and repair of fire protection systems. The detail trade can be indicated as follows: A - Fire Alarm System B - Sprinkler System C - Fire Hydrant System D - Portable Fire Extinguisher and Hose Reel System</p>
ME04	Plumbing, Sanitary and Gas Piping and Sewerage Works.	<p>Installation, testing, commissioning, maintenance and repairs of plumbing and sanitary system.</p> <p>The detail trade can be indicated as follows:</p>

## Singapore List of Trade Sub-contractors (SLOTS) Registered Contractor – Registration Head

		<ul style="list-style-type: none"><li>A. Gas Piping System</li><li>B. Water Treatment Plant</li><li>C. Pumping Facilities</li><li>D. Sewage System</li><li>E. Filtration System</li></ul> <p><b><i>*Requires PUB Plumber License or EMA Gas Service Worker License</i></b></p>
ME05	Lift and Escalator Installation	<p>Installation, testing, commissioning, maintenance and repair of lift and escalator system.</p> <p>The detail trade can be indicated as follows:</p> <ul style="list-style-type: none"><li>A. General Lift and Escalator Installation</li><li>B. Electrical Installation</li><li>C. Lift Car Fabrication</li><li>D. Mechanical Installation</li></ul> <p><b><i>*Requires RW02A/B (Lift Contractors) or RW03A/B (Escalator Contractors) registration</i></b></p>
ME06	Building Automation, Industrial and Process Control System	<p>Installation, testing, commissioning, maintenance and repair of building automation, industrial and process control system.</p>
ME07	Communication and Security System	<p>Installation, testing, commissioning, maintenance and repair of communication system and security system.</p> <p>The detail trade can be indicated as follows:</p> <ul style="list-style-type: none"><li>A. Telephone System</li><li>B. CCTC System</li><li>C. TV System</li><li>D. Cable TV System</li><li>E. Control or Traffic Light System</li></ul>
